**Discover new worlds and develop new areas of expertise through online continuing and professional education classes from the Office of Professional Development and Technology Training Solutions.**

- Expand your horizons
- Qualify for a promotion
- Change careers
- Get involved in your community

“I have just completed my first Access class online. Doing the class online made so much sense for me. I could do a little at a time as my schedule permitted. As I learned new things, I could then refer back to what I’d learned earlier and see how it all fit together. I feel that I was able to thoroughly learn this way by taking my time and going back when needed.”

– Jan Manes, Applications Support Associate, Science Facilitation,  
FHI: The Science of Improving Lives, Durham, NC
