

Earn Your

CONSTRUCTION MANAGEMENT DIPLOMA

Designed for people engaged in the construction industry, with no formal education or training in construction engineering, that would like to enhance their construction management skills and validate their work experience, through an intense, six-day, hands-on workshop developed by successful and experienced construction industry professionals.

Register for individual classes or earn your diploma by completing six courses within a one-year period.

Classes will be held from 8:15 a.m. to 4:30 p.m. Choose between virtual and in-person classes!

In-person classes will be held at NC State University's McKimmon Conference and Training Center in Raleigh, NC.
